Mermaids and Mermen. Not many generations ago mermaids and mermen were believed in implicitly. Says the Aberd en Aimanae of New Prognostications For the Year. 1688: "To conclude for this year 1688. Near the place where the famous Des seyeth his tribute to the German ocean, if curious observers of wonderful things in nature will be pleased thither to resort the 1, 13 and 29 of May and in divers other times in the ensuing summer, as also in the burvest time, to the 7 and 14 October, they will andoubtedly see a pretty company of mar maids, creatures of admirable beauty and likewise hear their charming sweet melodious voices-

In well tun'd measures and harmonious tars. Extel their maker and his bounty probes. That guilty homest men, in every fidual, In spilet peace may live, God save the bing!"

PURCHASE

From which to select. If you can buy from your home dealer as good or better piano than you can purchase from an outside firm who cares naught for your interest after their great annual "30 days bargain sale" is over; if the price of the instrument is as fair or fairer than that offered

by our transient competitors; if his terms are as easy or easier, and if his position is such as to enable him to care as well or better for your interest long after the "lower-price than-everbefore" merchants will have gone to other towns, still singing the same siren song of unparalleled liberality. In fine, if your home dealer, whose interests are practically identical with your own, can please you in every respect as well or better than piano firms whose interest in your welfare ceases when they told their tents a few days hence-to whom will you give your business? From the Chickering, Smith & Barnes, Kimball, Jansen and seven other high grade pianos can be selected as good a piano as this country affords today. Either of these eleven peerless pianos may be had of your home dealer. He invites you to call with impartial piano judges and compare them with any instrument on the market.

Buys at Low Figure Pianos from the factories from which he supplies his three modern stores, as any merchant traveling or permanent can buy theirs. His Prices are in keeping with the same and he invites comparison. His hundreds of customers in Gethrie and in county who have purchased these high grade instruments at \$5,00 to \$15.00 per month will tell you that no plane firm or other business man could consistently be more lenient.

"E. H. KNAUSS' PLAN" makes Piano buying easy and la case of sickness or accident makes, as compared with other firms, Piano Keeping Easy. He now has in stock and coming from various factories a great number and variety of as High Grade Planos as has ever been offered for sale in this city. A cordial invitation is extended to all who may be interested in the purchase of a Piano to call and ascertain for themselves the facts above.

During the Holidays, Terms of Purchase.

Owing to the present slight financial depression, will be offered to suit any customer and better than be had from any Piano company in the United States, Come now and let him make your Christmas fireside cheerful by placing in your home now, or when you wish, any one of his splendid Pianos,
